AMBULANCE FUND DRIVE

A meeting of the Mattapoisett Ambulance Fund Drive was held at the Mattapoisett Fire Station on Thursday, July 13th, at 8:00 P.M.

The Fund Drive is being sponsored by the Mattapoisett Improvement Association for the purpose of replacing the present town ambulance with a new one and to obtain the same by public subscription. Representatives of various groups in town are taking part in this project. It was reported that over $900 had already been subscribed to the Fund.

An Old Timers' Baseball Game for the benefit of the Fund is to be held at the Mattapoisett Center School field on Sunday, July 23rd. Mr. John Paiva is in charge of obtaining players for the Old Timers Team, all of whom must be 40 years of age or older. This team will oppose the Mattapoisett Pony League players. In charge of the latter group is Mr. Edmond Valladoa. Tickets for this game will be sold at the town's band concert, record hop and square dance, all of which will be held at the wharf the week previous to the game. In case of poor weather the game will be held on Sunday, July 30th.

Anyone wishing to send a contribution to the Mattapoisett Ambulance Fund Drive may do so by mailing it to:

POWERFUL SHADOWS ON A SCREEN

More than one year ago a shameful event occurred in the city of San Francisco. The result was captured on film. The prints cast grave images. In public showing, where the picture can be seen with a minimum of confusion, people are able to judge for themselves the significance of the film. If there is value here, it is the showing of young minds directed into improper channels so that they aid a destructive force in discrediting their country. College students should be prepared to resist the pressures of Communist directed control. Only by seeing these methods can understanding be gained. The film "Operation Abolition" is fully documented by such responsible people of integrity such as J. Edgar Hoover. No movie is the instigator of trouble. Film is not capable of any living action. It does have the power to motivate people in different directions. So it is man who must bear the responsibility of using reason in his reaction so that other people are free to sift the facts for themselves and reach a personal decision. Denouncement, unsupported by reliable evidence, is difficult to force upon free people who can respect a man and his profession while differing with his political pronouncements. The acceptance or rejection of information from a documentary movie, or any other method of public information is a decision that properly belongs to each individual.

BOY SCOUT PATROL TO HAVE TRIP TO NH

Boy Scout Buffalo Patrol of Troop 30 of Rochester was awarded the New Hampshire trip for receiving the most merit points throughout the year, announced by Robert F. Doane, Troop 30 committee chairman, at a family night program held at Rochester Woman's Club.

The program also featured awarding of second clsss badges and a merit badge by Calvin R. Daggett, scoutmaster of Troop 30.

In announcing the winning patrol Mr. Doane explained the point system. There were four patrols last year; Panther, Pine Tree, Hound and Buffalo. At every weekly meeting Boy Scouts not in full dress uniform, without handbook and Boy Scouts not present at a weekly meeting without notifying the patrol leader of the reason for his absence were reasons for demerits.

Merits are gained by Boy Scouts for their patrol by advancement, merit badges, hiking, camping and special points for knotting contests.

Buffalo patrol earned 1,407 merit points; Panther patrol, 1,393; Pine Tree patrol, 1,385 and Hound patrol, 1,327.

Boy Scouts in Buffalo patrol include Raymond Daggett, patrol leader; Robert Balzarini, assistant patrol leader; Thomas Kenney, Ken-

neth Mosakowski, Wayne Hardy, Gary MacNeill, Peter Balzarini and Alton Ellis. The Boy Scouts will leave on the New Hampshire trip this Saturday, July 22nd, will visit Mount Washington and stay at the cottage of Jethro Ashley.

Sitting on the Board of Review at which all Boy Scouts who received badges had to appear were Everett Hardy, institutional representative for the Woman's Club, sponsors of Boy Scout, Troop 30; Alfred Maccarone and Ernest J. Davoll, troop committee members and Robert Masse, neighborhood commissioner.

Tenderfoot pins were presented by Scoutmaster Daggett to the five newest boys who have entered Boy Scouts, having completed their Webelos training under Irving Ellis, Webelos leader, and they include Peter Balzarini, Merton Howes, Donald Reed, Allan Maccarone and David Pare.

Newly elected patrol leaders for the 1961-62 season were introduced and presented patrol leaders' badges. They include Robert Lawrence, T. Kenney, D. Hardy, R. Winsor, R. Daggett and Roger Nolan. All leaders were elected by preferential ballot.

Assistant Patrol leaders' badges were presented to R. Balzarini, K. Mosakowski, Wesley Rollins, F. Cabral, Leroy Wolf and W. Meservey.

Scoutmaster Daggett presented second class badges to Boy Scouts Donald Lynch, Francis Cabral, Alan Ross, Gary MacNeill, Dennis Millette, William Chamberlain, Warren Meservey, William Hartley, Gerald Wainio, James Hartley and Alton Ellis.

Boy Scout Mosakowski was awarded a journalism badge and his merit badge counselor was Mrs. Joseph A. Chamberlain. Also awarded merit badges were Boy Scouts Rufus Winsor and Raymond Daggett, but their points for the badges will be counted towards next year's points because the boys filed their papers a little past the deadline. Winsor received a merit badge on the care of dogs and his merit badge counselor was Thomas Oldfield. Daggett received a home repair badge. This is the only merit badge a Boy Scout can earn which does not require a counselor, only his parents' supervision.

The program opened with Boy Scout Chamberlain bringing the colors forward for the salute to the Flag by the Scouts and parents.

only to the circus. A circus is a bit of magic. The empty lot becomes a humming chaos of confusion as the carts and trailers disgorge their cargo, and out of it all, in order and precision, a city of tents rises. The cook tent wafts a delicious aroma of bacon and eggs which mingles with the sweet smell of new hay. There is the tang of elephants as the great patient beasts toil to raise the tents. The sound of metal on metal as the stakes are driven. The roar and cough of the cats newly disturbed and hungry. This is the real circus, the one that starts from scratch to furious activity putting on a marvelous show even before the great moment when the barkers begin to sell their tickets. Who can forget the circus parade? In the days when the circus even advertised in person, the parade was the Pied Piper. The marvelous Calliope tootling music and leading the wagons gilt and gold which contained the entertainers, the clowns and the brassy circus band. It takes sales resistance that few people possess to resist this kind of stirring of the senses. The parade was designed to lead people to the show like flies are led to honey. Up the midway with cotton candy, monkeys on a stick, hot dogs, balloons and banners, and everywhere noise, wonderful noise. The crowd surging in, drawn from all parts of the city by the brassy sound and the smell of Africa, India, new trampled hay to drink in the sight of a new and fantastic world built in the gray dawn that very morning. All through the morning, the circus stirs and builds a momentum. Like a giant flexing its muscles, breathing deeply, filling its lungs for the bellow of life. The side show posters promise wonders beyond descrip-

tion, in bold and garish color, in banner upon banner stretching across the tent. The barkers in their hoarse, mesmerizing chant build hopes in the minds of the crowd until the precise moment of truth when they must see for themselves. "Hurry, Hurry, Hurry! get your tickets here!" and the knot of people before the tent disappear through the portals of expectation. In the afternoon, blown up like a giant balloon, the circus gathers itself. Simmering in the heat of a July day. Basking in the glory of gilt and red, sawdust and earth dust, the big top waits the moment when the band will sound the first fanfare and the parade around the tanbark will begin. This is the moment when the air rings and the track will begin a ballet that is a mixture of the color, grace and action that is a blend of all worlds, a mixture of all skills, and a symphony of color.

This is the real circus. Coarse and bold, brassy and full of grace, laughter and skill combined to fill a tent with a bulging fantasia for an afternoon. This is the circus that has all but disappeared into the confines of big halls of the cities and the pale shadow of the television tube. You have to see the color, you have to smell the aroma and you have to perspire under a stretch of

canvas on a plank to really know the joy and the wonder of the circus.

The circus is here today. July 19th at Mahoney's Field on Route 6, Mattapoisett under the auspices of the Mattapoisett Police Association. It will be, once more, everything wonderful to the children and to the adults who remember the children they have been.

CAR CARE

A long journey by motor is likely to take you through territory that has a wide range of water, varying from the extremely hard to the extremely soft. Hard water, it should be borne in mind, obtains its hardness from various deposits in it that are likely to leave a scale in the radiator and cooling system. If such water is used excessively, have the system drained and flushed at the end of the journey.

Just as second speed makes the best combination for a quick getaway so does it make one of the best ways of stopping quickly in traffic.

It's not always lack of oil or grease in steering units that makes steering hard. Underinflation of the tires more often than underinflation of steering units is the cause.
